A student may elect the Pass / Not-Pass (P/NP) grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken P/NP. Students may elect to take University Core Curriculum courses P/NP; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the P/NP option. A maximum of 24 credits of elective courses under the P/NP grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences P/NP Policy.

Students are encouraged to use this advising worksheet as a resource when planning progress toward completion of degree requirements. An Academic Advisor may be contacted for assistance in interpreting this worksheet. This worksheet is not an academic transcript, and it is not official notification of completion of degree or certificate requirements. The University Catalog is the authoritative source for displaying plans of study. The student is ultimately responsible for knowing and completing all degree requirements

Critical Course

Total credits needed for graduation: 120

Upper division (30000 and 40000 level) credits needed for graduation: 32

<sup>&</sup>lt;sup>1</sup> If not doing an optional concentration, students must complete 12 hours of HDFS Selectives.

<sup>&</sup>lt;sup>2</sup> There is also a Study Abroad Capstone Experience option. Courses and credit hours are dependent upon the Capstone Experience that you choose. Please see your academic advisor for more information.
