

MEDICAL LABORATORY SCIENCES

College of Health and Human Sciences

MLAB-BS MLAB 120 credits

3 years plus 1 year clinical (application required for clinical)

A cumulative GPA of at least 3.00 and a minimum science (CHM, BIOL, PHYS, MA) GPA of at least 2.75 is required for admission into the clinical year.

Science Selective List

Any 300 or above offering in the following areas:

BCHM

CHM

HSCI

NUTR

or

Any 200 or above offering in the following areas:

BIOL

ENTM

HDFS

MA

PHYS

PSY

or

Select offerings:

AGRY 32100 Genetics Laboratory

ANTH 20400 Human Origins

ANTH 21200 Culture, Food & Health

ANTH 53400 Human Osteology

MA 16020 Applied Calculus II

MA 16200 Plane Analytic Geometry & Calculus II

MA 16600 Analytical Geometry & Calculus II

PHYS 17200 Modern Mechanics

PUBH 22000 Sexuality & Health

PUBH 40000 Human Diseases and Disorders

PUBH 40500 Principles of Epidemiology

A student may elect the Pass / Not-Pass (P/NP) grading option for elective courses only, unless an academic unit requires that a specific departmental course/s be taken P/NP. Students may elect to take University Core Curriculum courses P/NP; however, some major Plans of Study require courses that also fulfill UCC foundational outcomes. In such cases, students may not elect the P/NP option. A maximum of 24 credits of elective courses under the P/NP grading option can be used toward graduation requirements. For further information, students should refer to the College of Health and Human Sciences P/NP Policy.

Students are encouraged to use this advising worksheet as a resource when planning progress toward completion of degree requirements. An Academic Advisor may be contacted for assistance in interpreting this worksheet. This worksheet is not an academic transcript, and it is not official notification of completion of degree or certificate requirements. The University Catalog is the authoritative source for displaying plans of study. The student is ultimately responsible for knowing and completing all degree requirements

			2-3	Elective	
13-14		14-15			

Credits	Fall 4th Year	Prerequisite	Credits	Spring 4th Year	Prerequisite
16	^HSCI clinical courses – 10000-59999		16	^HSCI clinical courses – 10000-59999	

[^]Clinical coursework in Chemistry, Hematology, Serology, Immunohematology, Microbiology, Urinalysis, and special topics such as: Laboratory Management, Parasitology, etc. The course titles and credits may vary depending on the affiliate site but will adhere to the overall total of 32 credits at the 40000 level.

Students must complete 32 credit hours of 30000 level or higher courses at Purdue University for graduation. 120 semester credits required for Bachelor of Science degree.

2.0 Graduation GPA required for Bachelor of Science degree.

The student is ultimately responsible for knowing and completing all degree requirements.

Degree Works is knowledge source for specific requirements and completion

^{*}Satisfies a University Core Requirement.

CC Critical Course – a course that a student must be able to pass to persist and succeed in a particular major.

^{**}A cumulative GPA of at least 3.00 and a minimum science (CHM, BIOL, PHYS, MA) GPA of at least 2.75 is required to apply for admission into the clinical year. Most Medical Laboratory Sciences students graduate in August. 3 years plus 1 year clinical (application required for clinical).
