

Monica L. Kasting
Curriculum Vitae

May, 2022

CONTACT INFORMATION

Address: Matthews Hall
812 W. State Street Room 216
West Lafayette, IN 47907

Phone: 765-496-9483
Preferred e-mail: mlkastin@purdue.edu
Alternate e-mail: monicakasting@gmail.com

RESEARCH INTERESTS

Epidemiology; Cancer prevention and control; Infections in cancer; Health behavior; Physician-patient communication; Patient-reported health outcomes

EDUCATION AND TRAINING

- 2016-2018 Postdoctoral Fellowship, Behavioral Oncology, Department of Health Outcomes and Behavior, H. Lee Moffitt Cancer Center and Research Institute, Tampa, FL.
- 2016-2018 Postdoctoral Fellowship, Infection in Cancer Research, Center for Immunization and Infection Research in Cancer, H. Lee Moffitt Cancer Center and Research Institute, Tampa, FL.
- 2011-2016 Doctor of Philosophy, Epidemiology (major), Social and Behavioral Science (minor), Indiana University, Indianapolis, IN.
- 2006-2010 Bachelor of Science, Biology (major), Psychology (minor), Spanish (minor), Purdue University, West Lafayette, IN.

ACADEMIC APPOINTMENTS

- 2021-present Assistant Professor (courtesy appointment), Department of Pharmacy Practice, College of Pharmacy, Purdue University, West Lafayette, IN
- 2019-present Assistant Professor (tenure-track), Department of Public Health, College of Health and Human Sciences, Purdue University, West Lafayette, IN
- 2019-present Affiliate Member, Cancer Prevention and Control Program, Indiana University Simon Cancer Center, Indianapolis, IN
- 2018-present Assistant Professor (tenure-track: 2018-2019; courtesy appointment: 2021-present), Department of Health and Kinesiology, College of Health and Human Sciences, Purdue University, West Lafayette, IN

- 2018-present Academic Research Associate (courtesy appointment), Department of Psychology, School of Science, Indiana University- Purdue University Indianapolis (IUPUI), Indianapolis, IN
- 2018-2020 Consultant, Department of Health Outcomes and Behavior, H. Lee Moffitt Cancer Center and Research Institute, Tampa, FL
- 2016-2018 Academic Research Associate (courtesy appointment), Section of Adolescent Medicine, Department of Pediatrics, School of Medicine, Indiana University, Indianapolis, IN
- 2016-2018 Postdoctoral Fellow (courtesy appointment), Department of Oncologic Sciences, Morsani College of Medicine, University of South Florida, Tampa, FL

PEER REVIEWED PUBLICATIONS

1. Lake PW, Head KJ, Christy SM, DeMaria AL, Thompson EL, Vadaparampil ST, Zimet GD, **Kasting ML**. Association between patient characteristics and HPV vaccination recommendation for postpartum patients: A national survey of obstetrician/gynecologists. *Prev Med Rep.* 2022; doi: 10.1016/j.pmedr.2022.101801. [Epub ahead of print].

EXTRAMURAL FUNDING, ONGOING

1. Assessing the Feasibility and Acceptability of a Novel Adult Vaccination Paramedicine Approach to Enhancing Vaccine Confidence and Uptake in Rural Communities
Total Award Amount: \$249,590
Dates: 12/01/2021-08/30/2023
Funding Agency: Merck Investigator Initiated Studies Program
Role: PI
Aim: The overall objective of this application is to examine rural/urban differences in vaccine uptake, confidence, and beliefs for adult human papillomavirus (HPV), influenza, and SARS-CoV-2 vaccinations in Indiana. Further, we will investigate the acceptability and feasibility of an innovative community-based vaccination approach: adult vaccine distribution through community paramedicine, a type of emergency medical service (EMS) that uses paramedics with advanced training to provide non-acute, home- and community-based care.
2. Developing an Intervention to Increase Hepatitis C Virus Screening among Baby Boomers in Primary Care
Total Award Amount: \$164,400
Dates: 07/01/2020-06/30/2022
Funding Agency: Indiana Clinical and Translational Sciences Institute (CTSI), KL2TR002530 (B. Tucker Edmonds, PI) and UL1TR002529 (S. Moe and S. Wiehe, Co-PIs), 05/18/2018-04/30/2023
Award: Indiana CTSI Young Investigator Award (KL2)

Role: PI

Aim: The primary objective of this career development award is to develop and test the feasibility, acceptability and usability of a multilevel intervention to improve HCV screening rates in primary care clinics.

3. An Investigation of Indiana County-level Characteristics Associated with HPV Vaccine Series Completion among Children Aged 9 through 14 Years of Age
Total Award Amount: \$157,635
Dates: 03/01/2021-02/28/2023
Funding Agency: Merck Investigator Initiated Studies Program
PI: Gregory D. Zimet
Role: Co-Investigator
Aim: The overall objective is to document geographic variability in HPV vaccine series completion across the state of Indiana and to identify factors associated with low versus high rates of completion.

EXTRAMURAL FUNDING, COMPLETED

1. Infection in Cancer Research: A New Frontier in Cancer Prevention and Control
Total Award Amount: \$430,970 (Kasting subproject: \$15,000)
Dates: 08/27/2014-07/31/2019 (Kasting subproject: 08/27/2016-07/31/2019)
Funding Agency: National Institutes of Health (NIH), National Cancer Institute (NCI)
Award: K05-CA181320
PI: Anna R. Giuliano
Role: Postdoctoral Fellow
Aim: This NCI-funded training program expands efforts in infection-related cancers and recruits and trains the next generation of researchers in the field.
Project Title: Identifying Barriers to HCV Screening in Primary Care Practice
2. Postdoctoral Training Program in Behavioral Oncology Education & Career Development
Total Award Amount: \$3,977,248
Dates: 09/01/2003-08/31/2019 (Kasting Project Dates: 08/08/2016-08/08/2018)
Funding Agency: National Institutes of Health (NIH), National Cancer Institute (NCI)
Award: R25-CA117865
PI: Thomas Brandon
Role: Postdoctoral Fellow
Aim: This NCI-funded interdisciplinary training program is designed to prepare fellows for careers as independent investigators engaged in research on behavioral aspects of cancer prevention, detection, and control.

3. Training in Research for Behavioral Oncology and Cancer Control Program
Total Award Amount: \$4,596,843
Dates: 09/18/2006-08/31/2021 (Kasting Project Dates: 08/01/2015-07/31/2016)
Funding Agency: National Institutes of Health (NIH), National Cancer Institute (NCI)
Award: R25(T32)-CA117865
PI: Victoria Champion
Role: Predoctoral Fellow
Aim: This NCI-funded multidisciplinary training program provides didactic and research experiences necessary to enable trainees to establish successful post-graduate careers in behavioral oncology and cancer control research.

4. Behavioral Cooperative Oncology Group (BCOG) Center for Biobehavioral Oncology Research and Training Program
Dates: 08/01/2013-07/31/2015
Funding Agency: Walther Cancer Institute
PI: Victoria Champion
Role: Predoctoral Fellow
Aim: BCOG fosters collaboration and provides organizational support among Midwestern research institutions, including training opportunities for pre- and post-doctoral trainees.

5. International Student Travel Award
Total Award Amount: \$2,330
Dates: 09/2015
Funding Agency: International Papillomavirus Society
Role: PI
Aim: This competitive grant from the International Papillomavirus Society is given to high-achieving students to present their work at the annual conference. This funding was used to travel to Lisbon, Portugal, give a podium presentation.
Project Title: Tempest in a teapot: A review of research about risk compensation after HPV vaccination

EXTRAMURAL FUNDING, UNDER REVIEW

4. Multilevel Intervention Development to Increase Screening for HCV in Primary Care (MID-SHIP)
Total Award Amount: \$734,642
Dates: 07/01/2021-06/30/2026
Funding Agency: National Institutes of Health (NIH), National Institute of Diabetes, Digestive, and Kidney Diseases (NIDDK)
Award: K01 DK127006-01

Role: PI

Aim: The primary objective of this career development award is to develop and test the feasibility, acceptability, usability, and preliminary efficacy of a multilevel intervention to improve HCV screening rates in primary care clinics.

5. Improving Overall Quality of Life for Uterine Fibroid Patients

Total Award Amount: \$2,800,000

Dates: 07/01/2021-06/30/2024

Funding Agency: National Institutes of Health (NIH), Eunice Kennedy Shriver National Institute of Child Health and Human Development (NICHD)

Award: R01 HD102359-01

PI: Andrea DeMaria, PhD

Role: Co-Investigator

Aim: This study will use mixed methods explore women's knowledge about, and healthcare experiences with, uterine fibroids across the continuum of care, from early symptoms through diagnosis, treatment, and maintenance using a large national sample.

INTRAMURAL FUNDING, ONGOING

1. Hepatitis C Virus Survey of Providers' Attitudes, Recommendation, and Knowledge (HCV SPARK)

Total Award Amount: \$49,065

Dates: 01/01/2020-08/01/2021

Funding Agency: IU Simon Cancer Center, Cancer Prevention and Control Program

Award: Internal Pilot Funding

Role: PI

Aim: The primary goal of this study is to assess HCV screening recommendation quality and prevalence for baby boomers among primary care providers.

2. Health Beliefs, Behaviors, and Healthcare Experiences among a National Sample of United States Young and Mid-Age Adults

Total Award Amount: \$50,000

Dates: 11/01/2020-05/31/2021

Funding Agency: Center for Immunization and Infection Research in Cancer, H. Lee Moffitt Cancer Center

Award: Internal Pilot Funding

PI: Shannon M. Christy, PhD

Role: Co-Investigator

Aim: The goal of this application is to conduct a nationwide survey of 4,000 adults between the ages of 18 and 45 in the U.S. to examine HPV vaccination knowledge, attitudes, beliefs, and behaviors and characterize educational intervention preferences.

3. Improving Overall Quality of Life for Uterine Fibroid Patients
Total Award Amount: \$15,000
Dates: 03/01/2021-02/28/2023
Funding Agency: Indiana Clinical and Translational Sciences Institute Purdue Project Development Team (\$7,500) and The Women's Global Health Institute (\$7,500)
Award: Pilot funding
PI: Andrea DeMaria, PhD
Role: Co-Investigator
Aim: To examine healthcare experiences of uterine fibroids patients across the continuum of care, from early symptoms through diagnosis, treatment, and management, while also investigating health disparities within these contexts.

INTRAMURAL FUNDING, COMPLETED

1. International Travel Grant
Total Award Amount: \$1,600
Dates: 12/2019
Funding Agency: College of Health and Human Sciences
Role: PI
Aim: This competitive international grant mechanism allows faculty in the College of Health and Human Sciences to travel to present at conferences. This funding was used to give an oral presentation at EUROGIN: International Multidisciplinary HPV Congress in Monaco.
2. Educational Enhancement Travel Fellowship
Total Award Amount: \$1,000
Dates: 04/2014
Role: PI
Aim: This competitive internal grant mechanism allows students to travel to present at conferences. This funding was used to present a poster at the Society of Behavioral Medicine annual conference in Philadelphia, PA.
Project Title: Health messages and HIV test acceptance in women
3. Educational Enhancement Travel Fellowship
Total Award Amount: \$1,000
Dates: 10/2012
Role: PI
Aim: This competitive internal grant mechanism allows students to travel to conferences. This funding was used to travel to the American Public Health Association annual conference in San Francisco, CA.

TEACHING EXPERIENCE

- Spring 2021 *Health Behavior and Health Promotion*, Purdue University, Undergraduate Public Health Program, Instructor of Record
- Spring 2020 *Health Behavior and Health Promotion*, Purdue University, Undergraduate Public Health Program, Instructor of Record
- Fall 2019 *Cancer in Public Health*, Purdue University, Health and Kinesiology Graduate Program, Instructor of Record
- Spring 2019 *Mentored Research in Public Health*, Purdue University, Undergraduate Public Health Program, Instructor of Record
- Fall 2015 *Fundamentals of Epidemiology*, Indiana University, Master of Public Health Program, Teaching Assistant
- Spring 2015 *Advanced Epidemiology*, Indiana University, Master of Public Health Program, Teaching Assistant
- Spring 2015 *Fundamentals of Epidemiology*, Indiana University, Master of Public Health Program, Teaching Assistant
- Fall 2014 *Introduction to Genetic Epidemiology*, Indiana University, Master of Public Health Program, Teaching Assistant
- Spring 2014 *Principles of Epidemiology*, Indiana University, Undergraduate Public Health Program, Teaching Assistant
- Fall 2013 *Molecular & Genetic Epidemiology*, Indiana University, Master of Public Health Program, Teaching Assistant

INVITED SCHOLARLY PRESENTATIONS

1. “Vaccine Hesitancy and Vaccine Misinformation.” (2021). Invited presentation for the Indiana Immunization Coalition “VaxChamp” program to educate pharmacists on best practices for vaccination. Presented as an online continuing education module.
2. “Navigating the Professional Landscape.” (2021). Invited presentation for the Public Health Informatics Lab, Regenstrief Institute and the Richard M. Fairbanks School of Public Health, Indianapolis, IN.
3. “Conflict Management and Mitigation.” (2021). Invited presentation for the Indiana Clinical and Translational Sciences Career Development Program, Indianapolis, IN.
4. “American Cancer Society HPV Vaccination Guideline Updates.” (2020). Invited presentation for the Center for HPV Research, Indianapolis, IN.
5. “HPV Vaccination: Debunking Myths and Combatting Misinformation.” (2020). Invited presentation for the Indiana Cancer Consortium Annual Meeting, Indianapolis, IN.

6. “Vaccines: Facts, Fallacies, and How to Tell the Difference.” (2020). Invited presentation for the Indiana Immunization Coalition, Indianapolis, IN.
7. “Prevention of Infection-Related Cancers.” (2020). Invited presentation for the Linnes lab group, Biomedical Engineering, Purdue University, West Lafayette, IN.
8. “Lessons Learned from EUROGIN.” (2020). Invited presentation for the Center for HPV Research at Indiana University, Indianapolis, IN.
9. “7 Myths about the HPV Vaccine: HPV Vaccine Facts and the Science behind Them.” (2019). Invited coauthor of an article for the Society of Behavioral Medicine Healthy Living Series with Dr. Claire Conley.
10. “A Journey from Predoc to Faculty.” (2019). Invited speaker for the Interdisciplinary Training in Behavioral Oncology T32 Fellowship Program, Indianapolis, IN.
11. “Evidence-Based Strategies for Recommending the HPV Vaccine.” (2019). Invited speaker for the Indiana Immunization Coalition *HPV Vaccine is Cancer Prevention* provider dinner and program, Fishers, IN.
12. “Making a Strong Recommendation for HPV Vaccination.” (2019). Invited speaker for the Indiana Immunization Coalition HPV Summit, Rushville, IN.
13. “HPV Vaccination: A Case Study on Effective Communication and Understanding Misinformation.” (2019) Invited Speaker for the Annual Public Health Nurse Conference, Carmel, IN.
14. “Making a Strong Recommendation for HPV Vaccination.” (2019). Invited speaker for the Indiana Immunization Coalition HPV Summit, Evansville, IN.
15. “Psychosocial Implications of Fertility and Genetic Risk on Adolescent and Young Adult Cancer Survivors.” (2019). Invited speaker for the 2019 Public Health Symposium: Breaking Barriers, Improving Access to Health Services for Women and Children in Indiana, West Lafayette, IN.
16. “Graduate Diversity Visitation Program.” (2018). Invited panel discussant for the Public Health Graduate Program, West Lafayette, IN.
17. “Professional Development Seminar Series: Writing Workshop.” (2018). Invited panel discussant for the Health & Kinesiology Graduate Student Organization, West Lafayette, IN.
18. “Testing for hepatitis C lags with baby boomers despite high infection rate.” (2018). Invited interviewee for *The Washington Post* (link: <https://www.washingtonpost.com/news/to-your-health/wp/2018/03/27/testing-for->

hepatitis-c-lags-with-baby-boomers-despite-high-infection-rate/?utm_term=.3d2e535dca74).

19. “Someone You Love: The HPV Epidemic.” (2017). Invited expert panel discussant for the Moffitt Cancer Center Community Outreach and Education Center, Tampa, FL.
20. “Preparing for Junior Faculty Positions in Academia,” (2015). Panel discussion moderator for R25 research fellows, Indianapolis, IN.
21. “Wider Use of HPV Vaccine Could Reduce Cervical Cancer and Close Race Gap.” (2015). Invited interviewee for *Side Effects: Public Health, Personal Stories* podcast (link: <http://sideeffectspublicmedia.org/post/wider-use-hpv-vaccine-could-reduce-cervical-cancer-and-close-race-gap>), Indianapolis, IN.
22. “Implementation of Healthcare System Change and the Role of Technology: An Update.” (2014). Invited oral presentation for the Behavioral Cooperative Oncology Group Annual Conference, Indianapolis, IN.
23. “Risk Compensation Following HPV Vaccination.” (2014). Invited oral presentation at the Behavioral Cooperative Oncology Group Fall Retreat at The Ohio State University, Columbus, OH.
24. “Biobehavioral Research: New Directions, an Update.” (2013). Invited oral presentation at the Behavioral Cooperative Oncology Group Annual Conference, Indianapolis, IN.
25. “Graduate Careers in the Sciences.” (2013). Invited panel discussant for the School of Science Career Office, IUPUI, Indianapolis, IN.
26. “TMT- Text Messaging for Teens: Evaluating Sexual Health Text Messaging Interventions.” (2013). Program evaluation report for the Indianapolis Healthcare Education and Training (HCET) iKnow and BrdsNBz text messaging programs, Indianapolis, IN.

INVITED GUEST LECTURES

1. “Behavioral Prevention of COVID-19: Public Perceptions and Pushback.” Fall, 2021. PUBH20200- Health in the Time of Pandemics, West Lafayette, IN.
2. “COVID-19 Didn’t Replace Measles: Why Routine Vaccinations are Still Important.” Fall, 2021. PUBH20200- Health in the Time of Pandemics, West Lafayette, IN.
3. “The Long-Term Effects of Delaying Care: Chronic Disease Management and Cancer Screening during the COVID-19 Pandemic.” Fall, 2021. PUBH20200- Health in the Time of Pandemics, West Lafayette, IN.

4. “Behavioral Prevention of COVID-19: Public Perceptions and Pushback.” Fall, 2020. PUBH20200- Health in the Time of Pandemics, West Lafayette, IN.
5. “COVID-19 Didn’t Replace Measles: Why Routine Vaccinations are Still Important.” Fall, 2020. PUBH20200- Health in the Time of Pandemics, West Lafayette, IN.
6. “The Long-Term Effects of Delaying Care: Chronic Disease Management and Cancer Screening during the COVID-19 Pandemic.” Fall, 2020. PUBH20200- Health in the Time of Pandemics, West Lafayette, IN.
7. “Qualitative and Quantitative Research on HPV Vaccine Communication.” Fall, 2019, R375- Undergraduate Nursing Research and Evidence-Based Practice, Indianapolis, IN.
8. “Surviving the Dissertation: Lessons Learned.” Fall, 2019, HK601- Health and Kinesiology Doctoral Student Seminar, West Lafayette, IN.
9. “Cohort Studies.” Fall, 2019, HSCI547- Graduate Fundamentals of Epidemiology, West Lafayette, IN.
10. “An Introduction to Public Health.” Fall, 2019, HK135- Undergraduate Introduction to Health and Kinesiology, West Lafayette, IN.
11. “Infection and Cancer: Opportunities for Prevention and Control.” Spring 2019, NUTR590- Cancer Prevention Internship Program Seminar, West Lafayette, IN.
12. “An Introduction to Public Health.” Spring, 2019, HK135- Undergraduate Introduction to Health and Kinesiology, West Lafayette, IN.
13. “Surviving the Dissertation: Lessons Learned.” Fall, 2018, HK601- Health and Kinesiology Doctoral Student Seminar, West Lafayette, IN.
14. “Genetic Epidemiology of Infectious Diseases.” Fall, 2014, E670- Genetic and Molecular Epidemiology, Indianapolis, IN.
15. “What is Epidemiology: An Outbreak Investigation.” Summer, 2013, S725- Doctoral Seminar: Preparing for Careers in Academia, Indianapolis, IN.
16. “Protection of Human Subjects, Sensitivity to Subjects’ Concerns about Research Studies, Obtaining IRB Approval.” Fall, 2012, E715- Design and Implementation of Observational Studies, Indianapolis, IN.

ADDITIONAL TRAINING

- 2021 “Multilevel Intervention Training Institute (MLTI),” National Cancer Institute (NCI) Division of Cancer Control and Population Sciences (DCCPS), National

- Institutes of Health, six-month intensive training program, (conducted as a distance learning curriculum due to the COVID-19 pandemic)
- 2021 “Implementing Grant Writing Strategies: Resource Navigation, Proposal Development, & Submission.” Indiana Clinical and Translational Sciences Institute, 16-week training program (conducted virtually due to the COVID-19 pandemic)
- 2021 “Gender Bias,” Susan Bulkeley Butler Center for Leadership Excellence workshop by Dr. Mangala Subramaniam, Dr. Jennifer Freeman Marshall, and Dr. Chris Sahley, West Lafayette, IN (conducted virtually due to COVID-19).
- 2021 “Write Winning NIH Grant Proposals,” Indiana University Simon Cancer Center sponsored seminar by Dr. John Robertson, Indianapolis, IN (conducted as a virtual livestreamed seminar due to the COVID-19 pandemic).
- 2020 “Biostatistics for Healthcare Researchers: A Short Course,” Indiana University School of Medicine, three day intensive biostatistics workshop, Indianapolis, IN (held virtually due to the COVID-19 pandemic)
- 2020 Nature Masterclass, Nature Research Journals Writing Workshop, three sessions conducted during a weeklong program, Indianapolis, IN (sessions held virtually due to the COVID-19 pandemic)
