

Monica L. Kasting
Curriculum Vitae

August, 2024

CONTACT INFORMATION

Address: Matthews Hall
812 W. State Street Room 216
West Lafayette, IN 47907

Phone: 765-496-9483
Preferred e-mail: mlkastin@purdue.edu
Alternate e-mail: monicakasting@gmail.com

RESEARCH INTERESTS

Epidemiology; Vaccination uptake; Cancer prevention and control; Infections in cancer; Health behavior; Physician-patient communication; Patient-reported health outcomes

EDUCATION AND TRAINING

2016-2018 Postdoctoral Fellowship, Behavioral Oncology, Department of Health Outcomes and Behavior, H. Lee Moffitt Cancer Center and Research Institute, Tampa, FL.
2016-2018 Postdoctoral Fellowship, Infection in Cancer Research, Center for Immunization and Infection Research in Cancer, H. Lee Moffitt Cancer Center and Research Institute, Tampa, FL.
2011-2016 Doctor of Philosophy, Epidemiology (major), Social and Behavioral Science (minor), Indiana University, Indianapolis, IN.
2006-2010 Bachelor of Science, Biology (major), Psychology (minor), Spanish (minor), Purdue University, West Lafayette, IN.

ACADEMIC APPOINTMENTS

2024-present Associate Professor (tenured), Department of Public Health, College of Health and Human Sciences, Purdue University, West Lafayette, IN
2024-present Associate Professor (courtesy appointment), Department of Pharmacy Practice, College of Pharmacy, Purdue University, West Lafayette, IN
2024-present Associate Professor (courtesy appointment), Department of Health and Kinesiology, College of Health and Human Sciences, Purdue University, West Lafayette, IN
2024-present Adjunct Clinical Associate Professor of Medicine, Indiana University School of Medicine, West Lafayette, IN

- 2023-2024 Adjunct Clinical Assistant Professor of Medicine, Indiana University School of Medicine, West Lafayette, IN
- 2021-2024 Assistant Professor (courtesy appointment), Department of Pharmacy Practice, College of Pharmacy, Purdue University, West Lafayette, IN
- 2019-present Associate Member, Cancer Prevention and Control Program, Indiana University Simon Cancer Center, Indianapolis, IN
- 2019-2024 Assistant Professor (tenure-track), Department of Public Health, College of Health and Human Sciences, Purdue University, West Lafayette, IN
- 2018-2024 Assistant Professor (tenure-track: 2018-2019; courtesy appointment: 2021-2024), Department of Health and Kinesiology, College of Health and Human Sciences, Purdue University, West Lafayette, IN
- 2018-2022 Academic Research Associate (courtesy appointment), Department of Psychology, School of Science, Indiana University- Purdue University Indianapolis (IUPUI), Indianapolis, IN
- 2018-2020 Consultant, Department of Health Outcomes and Behavior, H. Lee Moffitt Cancer Center and Research Institute, Tampa, FL
- 2016-2018 Academic Research Associate (courtesy appointment), Section of Adolescent Medicine, Department of Pediatrics, School of Medicine, Indiana University, Indianapolis, IN
- 2016-2018 Postdoctoral Fellow (courtesy appointment), Department of Oncologic Sciences, Morsani College of Medicine, University of South Florida, Tampa, FL

PEER REVIEWED PUBLICATIONS

Superscripts indicate: ¹undergraduate student, ²graduate student, ³post-graduate mentee (post-doc, medical resident)

EXTRAMURAL FUNDING, ONGOING

1. Purdue University- Indiana Immunization Coalition Partnership to Enhance the Healthy Emerging Adult Leaders Program
Total Award Amount: \$5,000
Dates: 10/01/2023-09/30/2025
Funding Agency: Indiana Clinical and Translational Sciences Institute
Grant Mechanism: Trailblazer Planning Grant
Candidate’s Role: PI- University/Research Institute Lead
Aim: The proposed project was to build relationships with the Indiana Immunization Coalition to enhance a robust curriculum for the Health Emerging Adult Leaders (HEAL) program which will improve health education among young adults ages 15-22 years.
2. Addressing Vaccination Equity in Rural Indiana
Total Award Amount: \$1,000,000
Direct Budget Responsibility: \$66,729
Dates: 05/01/2023-07/31/2024
Funding Agency: Indiana Immunization Coalition
PI: Antwione Haywood
Role: Co-Investigator, Evaluator
Aim: This project aims to reduce rural/urban disparities in vaccination by conducting health education and communication training for students training in health professions in collaboration with the Indiana Area Health Education Centers (AHEC) Network.

3. Assessing the Feasibility and Acceptability of a Novel Adult Vaccination Paramedicine Approach to Enhancing Vaccine Confidence and Uptake in Rural Communities
Total Award Amount: \$249,590
Dates: 12/01/2021-08/30/2024
Funding Agency: Merck Investigator Initiated Studies Program
Role: PI
Aim: The overall objective of this application is to examine rural/urban differences in vaccine uptake, confidence, and beliefs for adult human papillomavirus (HPV), influenza, and SARS-CoV-2 vaccinations in Indiana. Further, we will investigate the acceptability and feasibility of an innovative community-based vaccination approach: adult vaccine distribution through community paramedicine, a type of emergency medical service (EMS) that uses paramedics with advanced training to provide non-acute, home- and community-based care.

EXTRAMURAL FUNDING, COMPLETED

1. An Investigation of Indiana County-level Characteristics Associated with HPV Vaccine Series Completion among Children Aged 9 through 14 Years of Age
Total Award Amount: \$157,635
Dates: 03/01/2021-02/28/2023
Funding Agency: Merck Investigator Initiated Studies Program
PI: Gregory D. Zimet
Role: Co-Investigator
Aim: The overall objective is to document geographic variability in HPV vaccine series completion across the state of Indiana and to identify factors associated with low versus high rates of completion.
2. Developing an Intervention to Increase Hepatitis C Virus Screening among Baby Boomers in Primary Care
Total Award Amount: \$164,400
Dates: 07/01/2020-09/30/2022
Funding Agency: Indiana Clinical and Translational Sciences Institute (CTSI), KL2TR002530 (B. Tucker Edmonds, PI) and UL1TR002529 (S. Moe and S. Wiehe, Co-PIs), 05/18/2018-04/30/2023
Award: Indiana CTSI Young Investigator Award (KL2)
Role: PI
Aim: The primary objective of this career development award is to develop and test the feasibility, acceptability and usability of a multilevel intervention to improve HCV screening rates in primary care clinics.
3. Infection in Cancer Research: A New Frontier in Cancer Prevention and Control
Total Award Amount: \$430,970 (Kasting subproject: \$15,000)

Dates: 08/27/2014-07/31/2019 (Kasting subproject: 08/27/2016-07/31/2019)

Funding Agency: National Institutes of Health (NIH), National Cancer Institute (NCI)

Award: K05-CA181320

PI: Anna R. Giuliano

Role: Postdoctoral Fellow

Aim: This NCI-funded training program expands efforts in infection-related cancers and recruits and trains the next generation of researchers in the field.

Project Title: Identifying Barriers to HCV Screening in Primary Care Practice

4. Postdoctoral Training Program in Behavioral Oncology Education & Career Development

Total Award Amount: \$3,977,248

Dates: 09/01/2003-08/31/2019 (Kasting Project Dates: 08/08/2016-08/08/2018)

Funding Agency: National Institutes of Health (NIH), National Cancer Institute (NCI)

Award: R25-CA117865

PI: Thomas Brandon

Role: Postdoctoral Fellow

Aim: This NCI-funded interdisciplinary training program is designed to prepare fellows for careers as independent investigators engaged in research on behavioral aspects of cancer prevention, detection, and control.

5. Training in Research for Behavioral Oncology and Cancer Control Program

Total Award Amount: \$4,596,843

Dates: 09/18/2006-08/31/2021 (Kasting Project Dates: 08/01/2015-07/31/2016)

Funding Agency: National Institutes of Health (NIH), National Cancer Institute (NCI)

Award: R25(T32)-CA117865

PI: Victoria Champion

Role: Predoctoral Fellow

Aim: This NCI-funded multidisciplinary training program provides didactic and research experiences necessary to enable trainees to establish successful post-graduate careers in behavioral oncology and cancer control research.

6. Behavioral Cooperative Oncology Group (BCOG) Center for Biobehavioral Oncology Research and Training Program

Dates: 08/01/2013-07/31/2015

Funding Agency: Walther Cancer Institute

PI: Victoria Champion

Role: Predoctoral Fellow

Aim: BCOG fosters collaboration and provides organizational support among Midwestern research institutions, including training opportunities for pre- and post-doctoral trainees.

7. International Student Travel Award

Total Award Amount: \$2,330

Dates: 09/2015

Funding Agency: International Papillomavirus Society

Role: PI

Aim: This competitive grant from the International Papillomavirus Society is given to high-achieving students to present their work at the annual conference. This funding was used to travel to Lisbon, Portugal, give a podium presentation.

Project Title: Tempest in a teapot: A review of research about risk compensation after HPV vaccination

EXTRAMURAL FUNDING, UNDER REVIEW

1. Examining Community Paramedicine Policies to Combat Vaccination Hesitancy Across Varying Socioeconomic, Racial, and Geographic Communities

Total Award Amount: \$383,311

Dates: 03/01/2025-02/28/2027

Original Submission Date: 08/26/2024

Funding Agency: Merck Investigator Initiated Studies Program

Role: PI

Aim: The overall objective of the project aims to understand the association between vaccination rates and policies governing community paramedicine and local policy implementation.

2. Point-of-Care HCV RNA Test Developed Using Community Engagement

Total Award Amount: \$3,164,136

Dates: 07/01/2024-06/30/2029

Original Submission Date: 10/04/2023

First Submission Score: 31 (16th percentile)

Resubmission Date: 07/02/2024

Funding Agency: National Institutes of Health (NIH), National Institute of Allergy and Infectious Disease (NIAID)

Funding Mechanism: R01

Role: MPI (Monica Kasting & Jacqueline Linnes)

Aim: The objective of this project is to engage community stakeholders to develop a point-of-care diagnostic test for HCV.

3. From Legislation to Vaccination: Evaluating Community Paramedicine Policies to Optimize Vaccination Equity Across Socioeconomic, Racial, and Geographic Communities
Total Award Amount: \$2,898,424
Dates: 01/01/2025-12/31/2025
Original Submission Date: 06/04/2024
Funding Agency: National Institutes of Health (NIH), National Institute for Minority Health and Health Disparities (NIMHD)
Funding Mechanism: R01
Role: PI
Aim: To understand whether community paramedicine policies and implementation are associated with decreased vaccination uptake disparities previously observed in rural, racially diverse, or low socioeconomic status communities.
4. Liver Transplant-CARE: Liver Transplant- Community Access for Referral Equity
Total Award Amount: \$244,080
Direct Budget Responsibility: \$40,790
Dates: 09/01/2024-08/31/2026
Original Submission Date: 02/14/2024
First Submission Score: 32 (16th percentile)
Funding Agency: National Institutes of Health (NIH), National Institute for Minority Health and Health Disparities (NIMHD)
Funding Mechanism: R21
PI: Lauren Nephew
Role: Co-Investigator, Purdue Site PI
Aim: To develop a toolkit to reduce barriers to liver transplantation referrals for Indiana residents using community-engagement and iterative feedback design.
5. Exploring Potential Disparities in Clinicians' HPV Vaccination Recommendation Practices for Young Adults Sexual and Gender Minority Patients (*Status: Pending*)
Total Award Amount: \$396,609
Direct Budget Responsibility: \$79,176
Dates: 09/01/2024-08/31/2026
Original Submission Date: 05/09/2023
Funding Agency: Merck and Company, Inc.
Funding Mechanism: Investigator Initiated Studies Program
PI: Shannon Christy
Role: Co-Investigator

Aim: The overall objective of this study is to examine U.S. primary care physicians' HPV vaccination recommendations for sexual and gender minority patients and examine factors associated with those recommendation practices

5. Purdue University- Indiana Immunization Coalition Partnership to Enhance the Health Emerging Adult Leaders Program
Total Award Amount: \$25,000
Dates: 08/01/2024-07/31/2026
Original Submission Date: 05/31/2024
Funding Agency: Indiana Clinical and Translational Sciences Institute (CTSI)
Funding Mechanism: Trailblazer Award
Role: University/Research Institute Lead
Aim: The proposed project was to extend relationships with the Indiana Immunization Coalition to enhance a robust curriculum for the Health Emerging Adult Leaders (HEAL) program and develop a toolkit for program dissemination.

INTRAMURAL FUNDING, ONGOING

1. Analyzing the Relationship Between Information Sources on Parental Attitudes Towards HPV Vaccination in Rural and Urban Areas
Total Award Amount: \$40,000
Funding Agency: Regenstrief Center for Healthcare Engineering, Purdue University
Award: Health Equity Pilot Grant
PI: Soojung Jo
Role: Co-Investigator
Aim: The objective of this study is to understand social media information-seeking behavior on HPV vaccination rates and whether there are rural/urban differences in vaccine informational sources.
2. Curriculum Development to Education and Mentor Primary and Secondary Students in Medically Underserved Areas on the Path to Becoming a Physician
Total Award Amount: \$50,000
Funding Agency: Indiana University School of Medicine
Award: Primary Care Reaffirmation for Indiana Medical Education (PRIME) and the Indiana Primary Care Advancement in Clinical Training (INPACT)
PI: Matthew Tews, MD
Role: Co-Investigator
Aim: To recruit and retain students from medically underserved areas of Indiana with an interest in primary care by developing a curriculum for primary and secondary students

3. The Association between Dietary Inflammatory Indices and Infection-Related Cancers in Adults: A Systematic Review
Total Award Amount: \$10,000
Dates: 12/01/2023-12/10/2024
Funding Agency: Purdue University Office of Research
Award: Elevating the Visibility of Research: Seed Funding for High-Impact Review Papers
Role: PI/Mentor
Aim: To synthesize the existing evidence of the correlation between pro-inflammatory diet and infection-related cancers in participants older than 18 years old.

INTRAMURAL FUNDING, COMPLETED

1. Improving Overall Quality of Life for Uterine Fibroid Patients
Total Award Amount: \$15,000
Dates: 03/01/2021-12/31/2023
Funding Agency: Indiana Clinical and Translational Sciences Institute Purdue Project Development Team (\$7,500) and The Women's Global Health Institute (\$7,500)
Award: Pilot funding
PI: Andrea DeMaria, PhD
Role: Co-Investigator
Aim: To examine healthcare experiences of uterine fibroids patients across the continuum of care, from early symptoms through diagnosis, treatment, and management, while also investigating health disparities within these contexts.
2. Hepatitis C Virus Survey of Providers' Attitudes, Recommendation, and Knowledge (HCV SPARK)
Total Award Amount: \$49,065
Dates: 01/01/2020-08/01/2021
Funding Agency: IU Simon Cancer Center, Cancer Prevention and Control Program
Award: Internal Pilot Funding
Role: PI
Aim: The primary goal of this study is to assess HCV screening recommendation quality and prevalence for baby boomers among primary care providers.
3. Health Beliefs, Behaviors, and Healthcare Experiences among a National Sample of United States Young and Mid-Age Adults
Total Award Amount: \$50,000
Dates: 11/01/2020-05/31/2021
Funding Agency: Center for Immunization and Infection Research in Cancer, H. Lee Moffitt Cancer Center

Award: Internal Pilot Funding

PI: Shannon M. Christy, PhD

Role: Co-Investigator

Aim: The goal of this application is to conduct a nationwide survey of 4,000 adults between the ages of 18 and 45 in the U.S. to examine HPV vaccination knowledge, attitudes, beliefs, and behaviors and characterize educational intervention preferences.

4. International Travel Grant

Total Award Amount: \$1,600

Dates: 12/2019

Funding Agency: College of Health and Human Sciences

Role: PI

Aim: This competitive international grant mechanism allows faculty in the College of Health and Human Sciences to travel to present at conferences. This funding was used to give an oral presentation at EUROGIN: International Multidisciplinary HPV Congress in Monaco.

5. Educational Enhancement Travel Fellowship

Total Award Amount: \$1,000

Dates: 04/2014

Role: PI

Aim: This competitive internal grant mechanism allows students to travel to present at conferences. This funding was used to present a poster at the Society of Behavioral Medicine annual conference in Philadelphia, PA.

Project Title: Health messages and HIV test acceptance in women

6. Educational Enhancement Travel Fellowship

Total Award Amount: \$1,000

Dates: 10/2012

Role: PI

Aim: This competitive internal grant mechanism allows students to travel to conferences. This funding was used to travel to the American Public Health Association annual conference in San Francisco, CA.

INTRAMURAL FUNDING, UNDER REVIEW

1. Engaging Community Stakeholders to Develop a Hepatitis C Virus Point-of-Care Test

Total Award Amount: \$25,000

Dates: 06/01/2024-05/31/2025

Funding Agency: Purdue University

Award: Clifford B. Kinley Trust

Candidate's Role: PI

Aim: The overall objective of this application is to combine community-engaged research on feasibility, acceptability, usability, and implementation strategies of an HCV point-of-care detection platform.

2. Examining Parental Attitudes and Intent toward HPV Vaccination for their Children in Rural Communities: Investigating Discrepancies and the Role of Social Media

Total Award Amount: \$25,000

Dates: 06/01/2023-05/31/2025

Funding Agency: Purdue University

Award: Clifford B. Kinley Trust

PI: Soojung Jo

Candidate's Role: Co-PI

Aim: To examine rural/urban differences in HPV vaccine attitudes and intent and if those are associated with social media use and informational sources for parents of children ages 9-14 years old

3. Engaging Community Stakeholders to Develop a Hepatitis C Virus Point-of-Care Test

Total Award Amount: \$75,000

Dates: 07/01/2024-07/31/2025

Funding Agency: Purdue University

Award: Ralph W. and Grace M. Showalter Research Trust

Candidate's Role: PI

Aim: The overall objective of this application is to combine community-engaged research on feasibility, acceptability, usability, and implementation strategies of an HCV point-of-care detection platform.

TEACHING EXPERIENCE

- Spring 2024 *Health Systems Science 2 (XM 780)*, Indiana University School of Medicine, West Lafayette, Course Site Director
- Spring 2024 *Health Systems Science 1 (XM 680)*, Indiana University School of Medicine, West Lafayette, Course Site Director
- Fall 2023 *Health Systems Science 2 (XM 780)*, Indiana University School of Medicine, West Lafayette, Course Site Director
- Fall 2023 *Health Systems Science 1 (XM 680)*, Indiana University School of Medicine, West Lafayette, Course Site Director
- Fall 2023 *Health Behavior and Health Promotion (PUBH 320)*, Purdue University, Undergraduate Public Health Program, Instructor of Record
- Fall 2022 *Health Behavior and Health Promotion (PUBH 320)*, Purdue University, Undergraduate Public Health Program, Instructor of Record

- Spring 2022 *Health Behavior and Health Promotion (PUBH 320)*, Purdue University, Undergraduate Public Health Program, Instructor of Record
- Spring 2021 *Health Behavior and Health Promotion (PUBH 320)*, Purdue University, Undergraduate Public Health Program, Instructor of Record
- Spring 2020 *Health Behavior and Health Promotion (HK 366)*, Purdue University, Undergraduate Public Health Program, Instructor of Record
- Fall 2019 *Cancer in Public Health (HK 590)*, Purdue University, Health and Kinesiology Graduate Program, Instructor of Record
- Spring 2019 *Mentored Research in Public Health (HK 490)*, Purdue University, Undergraduate Public Health Program, Instructor of Record
- Fall 2015 *Fundamentals of Epidemiology (E517)*, Indiana University, Master of Public Health Program, Teaching Assistant
- Spring 2015 *Advanced Epidemiology (P601)*, Indiana University, Master of Public Health Program, Teaching Assistant
- Spring 2015 *Fundamentals of Epidemiology (E517)*, Indiana University, Master of Public Health Program, Teaching Assistant
- Fall 2014 *Introduction to Genetic Epidemiology (E670)*, Indiana University, Master of Public Health Program, Teaching Assistant
- Spring 2014 *Principles of Epidemiology (E322)*, Indiana University, Undergraduate Public Health Program, Teaching Assistant
- Fall 2013 *Molecular & Genetic Epidemiology (E730)*, Indiana University, Master of Public Health Program, Teaching Assistant

INVITED SCHOLARLY PRESENTATIONS

1. “Partnership between Purdue University and IU Health Positive Link.” (2024). Invited national webinar for the National Institutes of Health (NIH), National Institute on Minority Health and Health Disparities (NIMHD), and the Coalition for Global Hepatitis Elimination titled “Leaving No One Behind: Community Partnerships on Reducing Hepatitis Disparities.” Presented virtually.
2. “HPV Vaccination: Leveraging Community Paramedicine to Bridge Rural-Urban Disparities.” (2024). Invited presentation to the External Advisory Board of the Women’s Global Health Institute, West Lafayette, IN.
3. “HPV Vaccination: Overcoming Challenges in Cancer Prevention.” (2023). Invited presentation for the Women’s Global Health Institute Annual Symposium, West Lafayette, IN.
4. “Vaccine Hesitancy and Misinformation.” (2023). Invited presentation for the Indiana Area Health Education Centers Fellows Program. Presented as an online module.

5. “Vaccine Hesitancy: Using Past Success to Address Future Challenges.” (2022). Invited presentation for the Indiana Immunization Coalition.
6. “HPV Vaccination: Combatting Vaccine Hesitancy and Building Confidence.” (2022). Invited presentation for the American Cancer Society Health Plan Learning Collaborative.
7. “Vaccine Hesitancy and Vaccine Misinformation.” (2021). Invited presentation for the Indiana Immunization Coalition “VaxChamp” program to educate pharmacists on best practices for vaccination. Presented as an online continuing education module.
8. “Navigating the Professional Landscape.” (2021). Invited presentation for the Public Health Informatics Lab, Regenstrief Institute and the Richard M. Fairbanks School of Public Health, Indianapolis, IN.
9. “Conflict Management and Mitigation.” (2021). Invited presentation for the Indiana Clinical and Translational Sciences Career Development Program, Indianapolis, IN.
10. “American Cancer Society HPV Vaccination Guideline Updates.” (2020). Invited presentation for the Center for HPV Research, Indianapolis, IN.
11. “HPV Vaccination: Debunking Myths and Combatting Misinformation.” (2020). Invited presentation for the Indiana Cancer Consortium Annual Meeting, Indianapolis, IN.
12. “Vaccines: Facts, Fallacies, and How to Tell the Difference.” (2020). Invited presentation for the Indiana Immunization Coalition, Indianapolis, IN.
13. “Prevention of Infection-Related Cancers.” (2020). Invited presentation for the Linnes lab group, Biomedical Engineering, Purdue University, West Lafayette, IN.
14. “Lessons Learned from EUROGIN.” (2020). Invited presentation for the Center for HPV Research at Indiana University, Indianapolis, IN.
15. “7 Myths about the HPV Vaccine: HPV Vaccine Facts and the Science behind Them.” (2019). Invited coauthor of an article for the Society of Behavioral Medicine Healthy Living Series with Dr. Claire Conley.
16. “A Journey from Predoc to Faculty.” (2019). Invited speaker for the Interdisciplinary Training in Behavioral Oncology T32 Fellowship Program, Indianapolis, IN.
17. “Evidence-Based Strategies for Recommending the HPV Vaccine.” (2019). Invited speaker for the Indiana Immunization Coalition *HPV Vaccine is Cancer Prevention* provider dinner and program, Fishers, IN.

18. “Making a Strong Recommendation for HPV Vaccination.” (2019). Invited speaker for the Indiana Immunization Coalition HPV Summit, Rushville, IN.
19. “HPV Vaccination: A Case Study on Effective Communication and Understanding Misinformation.” (2019) Invited Speaker for the Annual Public Health Nurse Conference, Carmel, IN.
20. “Making a Strong Recommendation for HPV Vaccination.” (2019). Invited speaker for the Indiana Immunization Coalition HPV Summit, Evansville, IN.
21. “Psychosocial Implications of Fertility and Genetic Risk on Adolescent and Young Adult Cancer Survivors.” (2019). Invited speaker for the 2019 Public Health Symposium: Breaking Barriers, Improving Access to Health Services for Women and Children in Indiana, West Lafayette, IN.
22. “Graduate Diversity Visitation Program.” (2018). Invited panel discussant for the Public Health Graduate Program, West Lafayette, IN.
23. “Professional Development Seminar Series: Writing Workshop.” (2018). Invited panel discussant for the Health & Kinesiology Graduate Student Organization, West Lafayette, IN.
24. “Testing for hepatitis C lags with baby boomers despite high infection rate.” (2018). Invited interviewee for *The Washington Post* (link: https://www.washingtonpost.com/news/to-your-health/wp/2018/03/27/testing-for-hepatitis-c-lags-with-baby-boomers-despite-high-infection-rate/?utm_term=.3d2e535dca74).
25. “Someone You Love: The HPV Epidemic.” (2017). Invited expert panel discussant for the Moffitt Cancer Center Community Outreach and Education Center, Tampa, FL.
26. “Preparing for Junior Faculty Positions in Academia,” (2015). Panel discussion moderator for R25 research fellows, Indianapolis, IN.
27. “Wider Use of HPV Vaccine Could Reduce Cervical Cancer and Close Race Gap.” (2015). Invited interviewee for *Side Effects: Public Health, Personal Stories* podcast (link: <http://sideeffectspublicmedia.org/post/wider-use-hpv-vaccine-could-reduce-cervical-cancer-and-close-race-gap>), Indianapolis, IN.
28. “Implementation of Healthcare System Change and the Role of Technology: An Update.” (2014). Invited oral presentation for the Behavioral Cooperative Oncology Group Annual Conference, Indianapolis, IN.

29. “Risk Compensation Following HPV Vaccination.” (2014). Invited oral presentation at the Behavioral Cooperative Oncology Group Fall Retreat at The Ohio State University, Columbus, OH.
30. “Biobehavioral Research: New Directions, an Update.” (2013). Invited oral presentation at the Behavioral Cooperative Oncology Group Annual Conference, Indianapolis, IN.
31. “Graduate Careers in the Sciences.” (2013). Invited panel discussant for the School of Science Career Office, IUPUI, Indianapolis, IN.
32. “TMT- Text Messaging for Teens: Evaluating Sexual Health Text Messaging Interventions.” (2013). Program evaluation report for the Indianapolis Healthcare Education and Training (HCET) iKnow and BrdsNBz text messaging programs, Indianapolis, IN.

INVITED GUEST LECTURES

1. “Community Engaged Research.” Fall, 2023. PUBH547- Public Health Program and Policy Evaluation, West Lafayette, IN.
2. “Preventive Healthcare and Public Health.” Fall, 2023. HSCI190- Healthcare Uncovered, West Lafayette, IN.
3. “Introduction to Public Health.” Fall, 2023. Transitions 1 Course- Indiana University School of Medicine, West Lafayette, IN.
4. “Behavioral Prevention of COVID-19: Public Perceptions and Pushback.” Fall, 2021. PUBH20200- Health in the Time of Pandemics, West Lafayette, IN.
5. “COVID-19 Didn’t Replace Measles: Why Routine Vaccinations are Still Important.” Fall, 2021. PUBH20200- Health in the Time of Pandemics, West Lafayette, IN.
6. “The Long-Term Effects of Delaying Care: Chronic Disease Management and Cancer Screening during the COVID-19 Pandemic.” Fall, 2021. PUBH20200- Health in the Time of Pandemics, West Lafayette, IN.
7. “Behavioral Prevention of COVID-19: Public Perceptions and Pushback.” Fall, 2020. PUBH20200- Health in the Time of Pandemics, West Lafayette, IN.
8. “COVID-19 Didn’t Replace Measles: Why Routine Vaccinations are Still Important.” Fall, 2020. PUBH20200- Health in the Time of Pandemics, West Lafayette, IN.
9. “The Long-Term Effects of Delaying Care: Chronic Disease Management and Cancer Screening during the COVID-19 Pandemic.” Fall, 2020. PUBH20200- Health in the Time of Pandemics, West Lafayette, IN.

10. “Qualitative and Quantitative Research on HPV Vaccine Communication.” Fall, 2019, R375- Undergraduate Nursing Research and Evidence-Based Practice, Indianapolis, IN.
11. “Surviving the Dissertation: Lessons Learned.” Fall, 2019, HK601- Health and Kinesiology Doctoral Student Seminar, West Lafayette, IN.
12. “Cohort Studies.” Fall, 2019, HSCI547- Graduate Fundamentals of Epidemiology, West Lafayette, IN.
13. “An Introduction to Public Health.” Fall, 2019, HK135- Undergraduate Introduction to Health and Kinesiology, West Lafayette, IN.
14. “Infection and Cancer: Opportunities for Prevention and Control.” Spring 2019, NUTR590- Cancer Prevention Internship Program Seminar, West Lafayette, IN.
15. “An Introduction to Public Health.” Spring, 2019, HK135- Undergraduate Introduction to Health and Kinesiology, West Lafayette, IN.
16. “Surviving the Dissertation: Lessons Learned.” Fall, 2018, HK601- Health and Kinesiology Doctoral Student Seminar, West Lafayette, IN.
17. “Genetic Epidemiology of Infectious Diseases.” Fall, 2014, E670- Genetic and Molecular Epidemiology, Indianapolis, IN.
18. “What is Epidemiology: An Outbreak Investigation.” Summer, 2013, S725- Doctoral Seminar: Preparing for Careers in Academia, Indianapolis, IN.
19. “Protection of Human Subjects, Sensitivity to Subjects’ Concerns about Research Studies, Obtaining IRB Approval.” Fall, 2012, E715- Design and Implementation of Observational Studies, Indianapolis, IN.

ADDITIONAL TRAINING

- 2021 “Multilevel Intervention Training Institute (MLTI),” National Cancer Institute (NCI) Division of Cancer Control and Population Sciences (DCCPS), National Institutes of Health, six-month intensive training program, (conducted as a distance learning curriculum due to the COVID-19 pandemic)
- 2021 “Implementing Grant Writing Strategies: Resource Navigation, Proposal Development, & Submission.” Indiana Clinical and Translational Sciences Institute, 16-week training program (conducted virtually due to the COVID-19 pandemic)
- 2021 “Gender Bias,” Susan Bulkeley Butler Center for Leadership Excellence workshop by Dr. Mangala Subramaniam, Dr. Jennifer Freeman Marshall, and Dr. Chris Sahley, West Lafayette, IN (conducted virtually due to COVID-19).

- 2021 “Write Winning NIH Grant Proposals,” Indiana University Simon Cancer Center sponsored seminar by Dr. John Robertson, Indianapolis, IN (conducted as a virtual livestreamed seminar due to the COVID-19 pandemic).
- 2020 “Biostatistics for Healthcare Researchers: A Short Course,” Indiana University School of Medicine, three day intensive biostatistics workshop, Indianapolis, IN (held virtually due to the COVID-19 pandemic)
- 2020 Nature Masterclass, Nature Research Journals Writing Workshop, three sessions conducted during a weeklong program, Indianapolis, IN (sessions held virtually due to the COVID-19 pandemic)
- 2020 Faculty Success Program, National Center for Faculty Development and Diversity, 12-week program (tuition funded through the Dean’s Office in the College of Health and Human Sciences)
- 2020 “Public Health Information Technology,” Continuing education course offered through the Indiana Clinical and Translational Sciences Institute, Indianapolis, IN (met weekly for 10 weeks via Zoom due to the COVID- 19 pandemic).
- 2020 “Quality Improvement in Healthcare,” Continuing education course offered through the Indiana Clinical and Translational Sciences Institute, Indianapolis, IN (met weekly for 10 weeks via Zoom due to the COVID- 19 pandemic).
- 2019 “Mentoring Graduate Writers,” Purdue Writing Lab seminar presented by Dr. Vicki Kennell, West Lafayette, IN.
- 2019 “Work Life Satisfaction: Go from Surviving to Thriving,” Workshop with Rachel Pritz, sponsored by Purdue University, West Lafayette, IN.
- 2019 “Individual Scientific Writing Consultation,” Indiana University Simon Cancer Center sponsored individual writing consultation with Dr. George Gopen, Indianapolis, IN.
- 2019 “Scientific Writing from the Reader’s Perspective,” Indiana University Simon Cancer Center sponsored seminar and individual writing consultation with Dr. George Gopen, Indianapolis, IN.
- 2019 “Write Winning Grant Proposals for NIH Funding,” Indiana University Simon Cancer Center sponsored seminar by Dr. John Robertson, Indianapolis, IN.
- 2018 “Analysis of National Health Survey Data” (*Summer Semester, online*), Department of Epidemiology and Biostatistics, School of Public Health, University of Maryland, College Park, MD.
- 2018 “R for Behavioral Science,” Society of Behavioral Medicine Preconference Workshop, New Orleans, LA.
- 2018 “NIH 101- Developing Grant Proposals,” Office of the Executive Vice President for Research and Partnerships Grant Writing Series, West Lafayette, IN.
- 2018 “NIH 102- Developing Useful Submission Strategies,” Office of the Executive Vice President for Research and Partnerships Grant Writing Series, West Lafayette, IN.

- 2018 “Writing Winning Grants,” Office of the Executive Vice President for Research and Partnerships All Seminar, West Lafayette, IN.
- 2017 “Multivariate Statistics in Aging Research” (GEY 6403, *Spring Semester*), School of Aging Studies, College of Behavioral and Community Sciences, University of South Florida, Tampa, FL.
- 2017 “Grant Writing for Behavioral Oncology” (*Spring Semester*), Department of Health Outcomes and Behavior, Division of Population Science, Moffitt Cancer Center, Tampa, FL.
- 2016 “Bioethics for Cancer Researchers” (PCB 6932, *Fall Semester*), College of Arts and Sciences, Cancer Biology Program, University of South Florida, Tampa, FL.

GRADUATE STUDENT MENTORING

- 2024-present Megan Davish, Doctor of Philosophy in Public Health, Purdue University, Committee Chair
- 2023-present Layla Claire, Doctor of Philosophy in Public Health, Purdue University, Committee Member
- 2023-present Holly Wood, Doctor of Philosophy in Public Health, Purdue University, Committee member
- 2023-present Mrithula Babu, Doctor of Philosophy in Public Health, Purdue University, Committee Member
- 2023-present Samantha Ky, Master of Public Health, Purdue University, Research Mentor
- 2022-present Madeline Powers, Master of Public Health Program, Purdue University. Project: The association between inflammatory diet and infection-related cancers in adults: A systematic review
- 2021-present Alfu Laily, Doctor of Philosophy in Public Health, Purdue University, Committee Chair
- 2022-2024 Luke Brennan, Doctor of Philosophy in Biomedical Engineering, Purdue University, dissertation committee member
- 2018-2022 Paige Lake, Doctor of Philosophy in Community and Family Health, University of South Florida.
- 2020-2022 William Felix, Master of Science in Health and Kinesiology, Purdue University, thesis committee member
- 2019-2021 Stephanie Meier, Doctor of Philosophy in Consumer Science, Purdue University, dissertation committee member
- 2019-2020 Katelyn Martin, Master of Public Health student in Family and Community Health, Purdue University, culminating project mentor.
- 2017-2020 Linh Duong, Doctor of Philosophy in Epidemiology and Biostatistics, University of South Florida.
- 2016-2018 Paige Lake, Master of Public Health, University of South Florida

UNDERGRADUATE STUDENT MENTORING

- 2024-present Caroline Packee, undergraduate in Biomedical Health Sciences, Purdue University. Project: Implementing a community-based vaccination clinic through interdisciplinary and community partnerships
- 2023-present Nicole Stepp, undergraduate in Public Health, Purdue University. Project: Implementing a community-based vaccination clinic through interdisciplinary and community partnerships
- 2023-present Evan Coblenz, undergraduate in Animal Sciences, Purdue University. Project: Implementing a community-based vaccination clinic through interdisciplinary and community partnerships
- 2023-2024 Kathryn Malerbi, undergraduate in Public Health, Purdue University. Project: Assessing the Feasibility and Acceptability of a Novel Adult Vaccination Paramedicine Approach to Enhancing Vaccine Confidence and Uptake in Rural Communities.
- 2023-2024 Marla Winters, undergraduate in Public Health, Purdue University. Project: Assessing the Feasibility and Acceptability of a Novel Adult Vaccination Paramedicine Approach to Enhancing Vaccine Confidence and Uptake in Rural Communities
- 2022-2024 Sophie Shank, undergraduate in Public Health, Purdue University. Project: Improving overall quality of life for uterine fibroids patients living in Indiana
- 2022-2024 Sathveka Sembian, undergraduate in Public Health, Purdue University. Project: Implementing a campus-wide vaccine clinic through interdisciplinary and community partnerships
- 2022-2023 Olivia Carlson, undergraduate in Public Health, Purdue University. Project: Implementing a campus-wide vaccine clinic through interdisciplinary and community partnerships
- 2020-2022 Madeline Powers, undergraduate in Public Health, Purdue University. Project: An Examination of College Campus Response to the COVID-19 Pandemic.
- 2019-2024 Kaitlyn Gabhart, undergraduate in Brain and Behavioral Sciences, Purdue University. Project: Association of diet quality and persistent HPV infection
- 2021-2022 Leila Hassan, undergraduate in Public Health, Purdue University. Project: Developing an Intervention to Increase Hepatitis C Virus Screening among Baby Boomers in Primary Care
- 2019-2021 Allissa Russell, undergraduate in Public Health, Purdue University. Project: Increasing Mid-Adult Women’s Protection through Vaccination against HPV (IMPROVE-HPV)
- 2019 Valeria Martinez, undergraduate in Nutrition, Fitness, & Health/Nutrition & Dietetics, and Statistics. Summer Stay Scholar Student.

NATIONAL PROFESSIONAL SERVICE

- 2024 Grant Reviewer, Clinical and Translational Science Awards (CTSA) External Reviewers Exchange Consortium (CEREC), Case Western Reserve University, Clinical and Translational Sciences Institute (CTSI), Cleveland, OH.
- 2023 Moderator, Public Health Education and Health Promotion Special Interest Group session: “Fighting the Infodemic: Strategies to Combat Vaccine Misinformation,” American Public Health Association Annual Conference, Atlanta, GA.
- 2022 Moderator, Public Health Education and Health Promotion Special Interest Group session: “Addressing Health Disparities through Health Promotion Initiatives,” American Public Health Association Annual Conference, Boston, MA.
