

STATE PROFESSIONAL BOARDS

Nurse Licensure Compact (NLC) and National Council for State Authorization Reciprocity Agreements (NC-SARA)

State Authorization

The Purdue University School of Nursing in West Lafayette, Indiana offers onsite nursing programs that include a Bachelor of Science in Nursing (BSN), 16-month BSN accelerated program, Masters in Nursing, and Doctorate in Nursing Practice (DNP).

Professional Licensure

The US Department of Education requires that all institutions who offer onsite or online programs that lead to licensure, endorsement or certification publicly state whether their programs meet all states' requirements or whether the institution has not made such a determination.

Each state board of nursing determines eligibility for professional licensure, endorsement and certification for all levels of nursing practice. The Purdue School of Nursing has not yet made a determination of all 50 state requirements. However, our registered nurse entry programs prepare students who are state-eligible to take the NCLEX examination, the board examination required for registered nurse licensure. Our prelicensure BSN program options are also accredited by the Indiana State Board of Nursing. We therefore satisfy any state that requires state and/or national accreditation for practice privileges. The only requirement that the Indiana Board of Nursing requires is successful completion and graduation from a state accredited nursing education program.

The Purdue School of Nursing BSN, MSN, and DNP nursing programs are nationally accredited.

Our graduate curriculum meets all of the requirements for eligibility to take the American Nurses Credentialing Center (ANCC) examination for certification. Our graduate curriculum for the adult-gerontology nurse practitioner, family nurse practitioner, pediatric nurse practitioner, and psychiatric mental health nurse practitioner meets all of the requirements for eligibility to take both the ANCC and American Association of Nurse Practitioner (AANP) Certification Nurse Practitioner board exam. Therefore, The Purdue University School of Nursing meets the requirements of any state that requires certification for the adult-gerontology, family nurse practitioner, pediatric nurse practitioner, and Psychiatric Mental health practitioner practice privileges. States may have additional requirements for full practice authority in these advanced practice roles.

The Purdue School of Nursing onsite programs are based on the State of Indiana's requirements for licensure, certification or endorsement for practice privileges and title protection for registered nurses, advanced practice nurses and other nurses with advanced preparation.

The Nurse Licensure Compact (NLC) allows a nurse to have one multistate license with the ability to practice in the home state and other compact states. Effective July 1st, 2020 the Indiana State Board of Nursing is a member of the Nurse Licensure Compact (NLC) allowing graduates to request a compact license which will enable them to endorse in a compact state.

ALABAMA (NLC State)

ALABAMA BOARD OF NURSING

<https://www.abn.alabama.gov/>

Purdue University's BSN and MSN nursing programs are nationally accredited. Our prelicensure BSN program options are also accredited by the Indiana State Board of Nursing. We therefore satisfy any state that requires state and/or national accreditation for practice privileges. Purdue University’s BSN and MSN nursing programs are nationally accredited. Our prelicensure BSN program options are also accredited by the Indiana State Board of Nursing. We therefore satisfy any state that requires state and/or national accreditation for practice privileges. Texas is a member of the Nurse Licensure Compact (NLC) allowing graduates to request a compact license which will enable them to endorse in a compact state.

Purdue University West Lafayette may offer post-licensure online education programs in Nursing in the State of Texas as an institutional member of the National Council for State Authorization Reciprocity (NC-SARA) under the terms and conditions of the State Authorization Reciprocity Agreement (SARA). A “State

Authorization Reciprocity Agreement” is an agreement between states, districts, and territories to establish comparable national standards for the offering of interstate postsecondary distance education.
