Registry soft launch

Grow Registry

Community Engagement

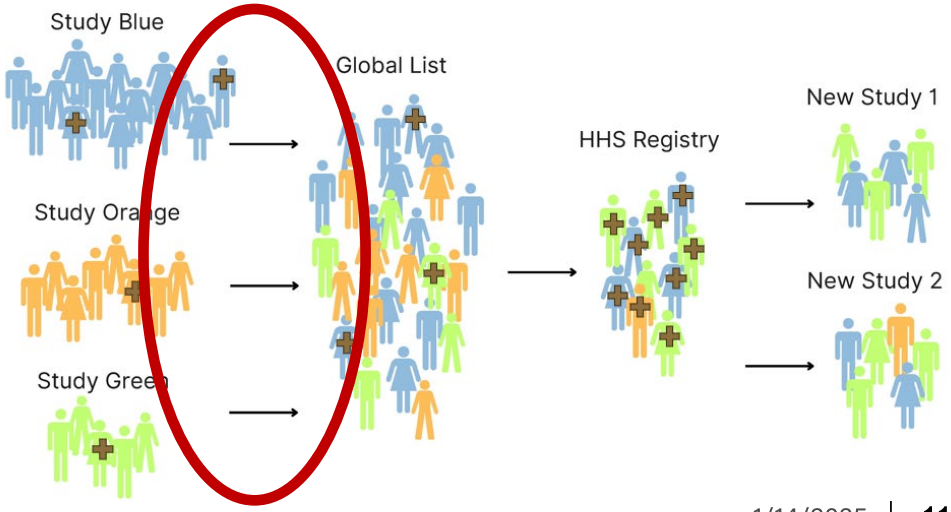
- Share your IRB-approved flyers with us (regardless of registry use)
- Tell us your target population(s) and we'll aim for community events that include your targets
- Join our events

Grow Registry

PI Roles

- Potential participants shared via HHS RR (within Ripple Science Platform)
  - Contact and move into enrolled, not eligible, etc.

- Participants consented from outside HHS RR
  - Offer to join HHS RR via consent appendix
  - Share affirmative persons via Ripple Science platform, Box, or Filelocker



Grow Registry

Grant Application Incorporation

Tell use about your next grant/target population and we can…

- Provide an ***HHS RR Use Grant*** for preliminary data collection
- Share a customized facilities blurb
- Provide a letter of support
- Start targeting your population of interest to boost numbers in the HHS RR before grant starts
