HS New Faculty Hiring

Talent-based hiring : The targeted recruiting of top faculty through the Moveable Dream Hires program, with notable high-caliber faculty being recruited to Purdue. Leverage the benefits of working collectively as a single University to effectively marshal our resources irrespective of administrative silos. The program works best as an ongoing, evergreen hiring opportunity for outstanding talent and will continue seamlessly into next year's hiring.

Topic-based hiring : Prioritizing large candidate pools with broad searches (e.g. at least as broad as the tenure home department).

Category	Upper FTE Limit
Topic-based advertised junior T/TT searches (*includes special cases such as senior department head searches, etc.)	6-8
Talent-based Tenured/Tenuretrack Moveable Dream Hires	8+
Clinical/Professional Faculty	10
One Health Cluster Hire	TBD
